

Quality solutions for basement water problems

Pro-Flow 1/3 HP
Cast Iron
submersible sump
pump with 3-year
warranty

\$199

plus installation

Liberty's model 441 takes over when the power goes out. Operating from the power of a 12 volt deep cycle battery*, the 441 features an efficient 12 volt pump, advance 3-stage charger.

The 441 is designed as a backup pump and designed to be used in conjunction with a 120V primary pump.

*Battery not included.

\$439 plus installation

MPC Sump Guard

120-volt audible alarm with lamp and silence mode. Installs easily in almost any sump well.

\$169

plus installation

The alarm is feature-packed with a new super-bright LED alarm ring, low basement temperature warning, and even comes with auxiliary contacts for connection to other home security systems.

It features easy-to-use plug-n-play wiring and BlinkUp™ technology for quick connection to your smart device!

Always Watching.

NightEye Wireless Enabled Pump Alarm

\$395 plus installation
